

## Statement of Attainment PUAWER005B

### Operate as part of an emergency control organisation (ECO)

#### Unit Descriptor:

This unit covers the competency required to implement the emergency response specified in the workplace emergency procedures or specified by the emergency control organisation (ECO).

People who undertake this training will be working within the command, control and coordinate structure of the emergency control organisation (ECO). This unit has been developed to cover the broad range of emergencies and workplaces as considered in Australian Standard 3745-2010.

#### Application:

- ✓ Applies to employees in the workplace within all industries;
- ✓ Places responsibility on individual employees who are delegated responsibility as part of an emergency control organisation to participate in the preparation of workplace emergency procedures;
- ✓ Alert and report potential workplace emergencies;
- ✓ Evaluate the need to evacuate a work area;
- ✓ Prepare for an evacuation; and
- ✓ Assist people who may require assistance in accordance with workplace emergency procedures.

**Course Duration:** 2.5 hours

#### Assessment Requirements:

- ✓ Theory: true/false and multiple choice questions.
- ✓ Practical:
  1. Demonstrate the safe and effective evacuation of a simulated workplace emergency.

**Recommended Re-Assessment Date:** every 12 months from date of training
